1 Gaussian Elimination

This is problem 5.4 from the text. There are a number of questions there, each of which should be answered in your writeup.

Also included in your writeup should be instructions for compiling and running your programs.

2 Extra credit:

Problem 5.5 in the text.

3 Due date

Friday, Mar 14, midnight. On the canvas submission page, submit text with a link to your github project and any other remarks you think I need to read before grading.

Save your writeup in PDF and make sure you add it to your project.
